Total Points: 70

You pick movie night 60 POINTS
Redeem

Redeem Box Component

When selected, the rest of the website should darken, and this module window should pop up

Yogurt trip with mom and dad 80 POINTS
Redeem

Redeem Box Component

Dinner of your choice 100 POINTS
Redeem

Redeem Box Component

Point Board Component

All of the redeem box components should be inactive until the child has reached that number of points. Once that number of points has been reached, the box should become active.

When they hit redeem, some animation should happen. (hopefully in phase 1)

will update the total points
